About Our

Shay Sett

Shay Sett helps you understand your business's financial situation and plan what to do next.
It enables you to manage loans, monitor cash flow, and make confident financial decisions.

SMEs without loans can assess their finances and prepare confidently for future funding.
SMEs with loans can track repayments, manage cash flow, and stay financially healthy.

PROBLEM STATEMENT

SMEs struggle to assess whether they can afford a loan.

01 Financial records are spread across spreadsheets and paper documents.

02 Cash is locked in unpaid invoices and excess inventory.

03 Reliable loan guidance and banking contacts are hard to find.

Solution

01

Calculate the Maximum Loan Repayment the Business Can Safely Afford

FINANCIAL HEALTH

02

Identify Cash Trapped in Slow-Moving Stock and Unpaid Customer Bills

WORKING CAPITAL

03

Compare Loan Repayment Schedules with Expected Monthly Cash Flow

CREDIT HUB

Expert interviews with

Ma Phyo Kay Khaing
Junior Accountant (Finance)
ATOM Telecom

Daw Swe Swe Han
Head of Department (IT)
Myanmar Tourism Bank (MTB)

Daw Htike Htike Ei
Head of Department (Finance)
Mini-Mart Owner
CAG Group of Companies

Research and Validation

Expert Interviews: We interviewed finance and banking professionals to understand lending processes and identify common financial challenges faced by SMEs.

SME Owner Interviews: We spoke directly with SME owners to understand their real experiences and identify their most important pain points.

Thank *You*
